

JM HAULING

Trailer Drop-Off & Pick-Up Service Agreement

JM Hauling delivers a trailer for temporary use as a household-junk container, then retrieves the trailer and disposes of approved contents. Only JM Hauling may tow or move the trailer.

1. Customer and service details

Customer name:
Service address:
Phone: Email:
Drop-off date / time: Pickup date / time:
Included service period: 2 days (48 hours) from drop-off.
Trailer ID / size:

2. Price and disposal weight

Service	Agreed price
Up to 2 days (48 hours) from drop-off, delivery, pickup and disposal of approved household junk; includes up to 1,000 lb of waste	\$275
Waste weight above 1,000 lb	\$0.08 per additional lb

Overage is calculated from the disposal facility's net waste weight, excluding the truck and trailer. Example: 1,500 lb of waste = 500 lb over the allowance = \$40 additional. The included weight is a pricing allowance, not permission to exceed the trailer's safe payload.

Applicable tax, if any: \$ Agreed base total: \$
Base payment due: Weight / pricing initials:

3. Special-item fees

Item	Additional fee
Mattress or box spring	\$35 each
Freon-containing appliance	\$25 each
Car tire	\$25 each
Propane tank - prior approval required	\$15 each

These fees apply in addition to weight overage. Freon appliances include refrigerators, freezers, air conditioners and dehumidifiers. Notify JM Hauling before loading special items. Other tire sizes require a separate written quote. No leaking or unsafe propane tanks.

Special-item fee initials:

JM HAULING

Loading, placement and service terms

4. Approved and prohibited materials

Approved: ordinary household junk, furniture and household cleanout debris. Other materials require prior written approval. No hazardous materials, chemicals, paint, fuel, oil, batteries, asbestos, medical waste, explosives or unidentified liquids. Propane tanks are accepted only as specifically approved under Section 3.

No rocks, concrete, bricks, soil, asphalt, roofing materials, heavy construction materials or other dense debris without prior written approval and an agreed loading limit. Customer must remove prohibited material before pickup or arrange a separately approved disposal plan.

Prohibited-material initials: _____

5. Safe loading and pickup

JM Hauling will specify the load boundary and maximum safe waste payload at drop-off. Keep contents within that boundary and within the trailer; distribute weight evenly, keep gates accessible, and do not place loose material where it can fall or escape. Do not operate gates, winches, jacks or other equipment without instructions.

Maximum permitted waste payload: _____ lb. Loading boundary: _____

JM Hauling may decline to tow an unsafe load. The customer must remove or redistribute contents before retrieval. Extra labor or trips require an agreed price before work proceeds. Paying overage does not authorize overloading.

6. Placement, property and trailer care

Customer authorizes placement at: _____

Customer confirms permission to use that location and identifies sprinkler lines, septic components, soft ground, slopes and other known hazards. Placement must allow safe delivery and pickup. JM Hauling may decline an unsuitable location. Ground or surface marking is possible; placement photos will document existing conditions. This acknowledgment does not excuse negligent handling by JM Hauling.

The customer may not move, tow, modify or permit another party to use the trailer. Customer is responsible for documented damage caused by misuse, negligent loading, unauthorized movement or prohibited contents, excluding normal wear and pre-existing damage. Damage charges will be documented and separately approved before a card charge.

7. Schedule, extensions and failed trips

The \$275 base price includes up to 2 days (48 hours), starting at the recorded drop-off time. The scheduled pickup must fall within that period unless an extension is approved. No extension fee applies solely because JM Hauling delays pickup when the trailer is ready and accessible at the scheduled time. Keep pickup access clear of vehicles, locked gates and other obstructions. Contact JM Hauling promptly to request a schedule change. Extensions depend on availability and written approval. No undefined fee is automatically authorized.

Extension fee, if agreed: \$ _____ per day after _____

Cancellation deadline / agreed fee: _____

Failed delivery or pickup fee, if agreed: \$ _____ Trigger: _____

Other agreed charges / calculation: _____

Blank fee fields mean no fee has been agreed. JM Hauling must complete booking details, safe payload, load boundary and applicable fees before sending this agreement for signature.

JM HAULING

Card authorization and acknowledgment

8. Card-on-file authorization

I authorize JM Hauling to use the payment method I securely save through its payment processor for this service. This authorization applies only to this booking. It does not authorize unrelated purchases or recurring charges.

I authorize the following charges without a second authorization at the time of charging:

- The agreed \$275 base price, plus any tax disclosed in Section 2, less payments already made.
- \$0.08 per lb of net waste weight exceeding 1,000 lb.
- \$35 per mattress or box spring; \$25 per Freon-containing appliance; \$25 per car tire; \$15 per approved propane tank.
- Extension, cancellation or failed-trip fees only where the amount and trigger are completed in Section 7 and accepted in this signed agreement.

The final disposal amount may be determined after pickup, weighing and unloading. JM Hauling will provide an itemized notice before charging post-pickup amounts and an itemized receipt after payment. Scale tickets and available special-item photos will support those charges. Items not disclosed before pickup may be charged at the signed rates when documented.

Damage, prohibited-material handling, unpriced labor, extra trips and other costs not priced in this agreement require separate written approval before being charged to the saved card. JM Hauling will not charge the same amount twice.

Do not enter a full card number, expiration date or security code on this form. Card details must be saved through the payment processor's secure process. Signing this document alone does not save a card.

Cardholder name:

Processor / card last four digits (optional):

Card authorization initials:

9. Customer acknowledgment

I have reviewed the service price, included weight, overage rate, special-item fees, loading restrictions, pickup requirements, care terms and completed additional-fee fields. I agree to the terms for this booking. If I am the cardholder, I also agree to Section 8. A different cardholder must sign the card authorization below.
